THE PIRATE

Robert Martin

DESIDERATA

Go placidly amid the noise and haste, and remember what peace
There may be in silence. As far as possible without surrender
Be on good terms with all persons. Speak your truth quietly and
Clearly; and listen to others, even the dull and ignorant; they
too have their story. Avoid loud and aggressive persons, they
Are vexations to the spirit. If you compare yourself with others
You may become vain and bitter; for always there will be greater
And lesser persons than yourself. Enjoy your achievements as
Well as your plans. Keep interested in your own career, however
Humble; it is a real possession in the changing fortunes of time.
Exercise caution in your business affairs; for the world is full
Of trickery. But let this not blind you to what virtue there is;
Many persons strive for high ideals; and everywhere life is full
Of heroism. Be yourself. Especially do not feign affection.
Neither be cynical about love; for in the face of all aridity
And disenchantment it is perennial as the grass. Take kindly the
Counsel of the years, gracefully surrendering the things of youth.
Nurture strength of spirit to shield you in sudden misfortune.
But do not distress yourself with imaginings. Many fears are
Born of fatigue and loneliness. Beyond a wholesome discipline,
Be gentle with yourself. You are a child of the universe, no
Less than the trees and the stars; you have a right to be here.
And whether or not it is clear to you, no doubt the universe is
Unfolding as it should. Therefore be at peace with God, whatever
You conceive Him to be, and whatever your labors and aspirations,
In the noisy confusion of life keep peace with your soul. With
All its sham, drudgery and broken dreams, it is still a beautiful
World. Be careful. Strive to be happy.
